

The National Association of Barber Boards of America
presents **NABBA-LAB** . . . a day of education for
Barber School Administrators & Instructors
September 15, 2019 in Reno, Nevada

Check out our classes as requested by barber schools!

Teaching Methods — 8:30-10:00 am

**Paul Suttles, Sr. Director, Education Implementation,
Pivot Point International**

Join Pivot Point International and explore strategies for coaching learners to “think about their thinking.” Discover ways to transform the culture of learning and influence decision-making skills. And, gain methods used to hook learners, connect ideas, curate important points and communicate using case studies, critical thinking and social media. You won’t want to miss this opportunity to utilize industry-related activities to capture the hearts and minds of learners as they prepare to become a part of our exciting industry.

Online Resources — 10:00-11:00 am

**Patti Wanamaker, Mind-Tap Implementation & Training
Specialist at Milady-Cengage**

Explore the full range of Milady's online resources for barbering instructors and students. Experience the features of the MindTap digital learning platform to understand how these applications can increase student learning and retention. Enhance your teaching skills at your own pace by enrolling in Milady's Master Educator Certification online program. Join us at this informative presentation to learn all you need to know about available resources for you and your students.

Business — 11:00 am– 12:00 pm

**James M. Cagle, Esq., What You Call Yourself May Not
Matter (Regulators are Watching)**

Learn about legal issues confronting small businesses that want to partner with others or merely rent space in their business. Discover how the structure of a business is used by tax authorities to determine worker classifications and tax liability. Explore ways to minimize risk and liability using contracts and agreements. Use the information gained in this class to enhance students' understanding of the Business of Barbering!
